Canadian PGWP valid through 2028

SUMMARY

Detail-oriented 3D Environment Artist specializing in real-time, high-fidelity game environments with a strong focus on cinematic realism and environmental storytelling. Proficient in end-to-end Unreal Engine 5 pipelines—from hard-surface and organic modeling in Maya to advanced texturing in Substance Painter and Mari (UDIM). Master of Digital Media graduate with specialized training in film-quality environment and prop asset creation.

SKILLS

Environment Art: Environment Modeling · Modular Systems · Hard-Surface Modeling · Set Dressing · Real-Time Lighting (UE5: Lumen / Nanite)

Texturing / Look-Dev: PBR Texturing · UV Unwrapping · Baking (High→Low) · Material Authoring · Asset Optimization

Software: Maya (primary) · Substance Painter · Substance Designer · Mari (UDIM) · Unreal Engine 5 · Photoshop · PureRef

PROJECTS

Teyata — Environment Artist | Nov 2024 – Jan 2025

UE5 · Master's thesis, 3-person team · Toronto Metropolitan University

- Owned environment art for a narrative RPG world — authored terrain, waterways, and vegetation, and assembled the playable landscape in UE5.
- Modeled and textured environment assets in Maya and Substance Painter, working to studio conventions (naming, directory structure, version discipline) across a multidisciplinary team.

Echoes of Jiangnan — 3D Environment & Lighting Artist | Personal Project

Jiangnan Tea-House Interior · UE5

- Built a complete real-time interior in UE5 with Lumen global illumination and Nanite geometry, from modeling in Maya to texturing in Substance Painter and Mari (UDIM).
- Authored a custom weathering material function (orientation-based dust, height-based moisture) to drive believable, grounded surface aging across the scene.

EXPERIENCE

Digital Media Tutor — Future Up Inc | 2020 – 2023

North York, ON · Part-time

- Taught interactive-media and programming fundamentals (Max/MSP); built per-student curricula and guided projects end-to-end.

Event Volunteer — VGLX (Video Game Live Experience) | Oct 2025

Toronto, ON

- Supported MSI booth demos and audience-engagement activities.

EDUCATION

Master of Digital Media | 2024 – 2025

Toronto Metropolitan University · GPA 4.05/4.33

Asset Creation Diploma, Environment & Props for Film | 2023 – 2024

Think Tank Training Centre · Modeling · Texturing · Lighting

Bachelor of Digital Media | 2018 – 2021

York University · Dean's Honour Roll
